

THE
ARTON
BY ROCKWELL

EAST TOWER

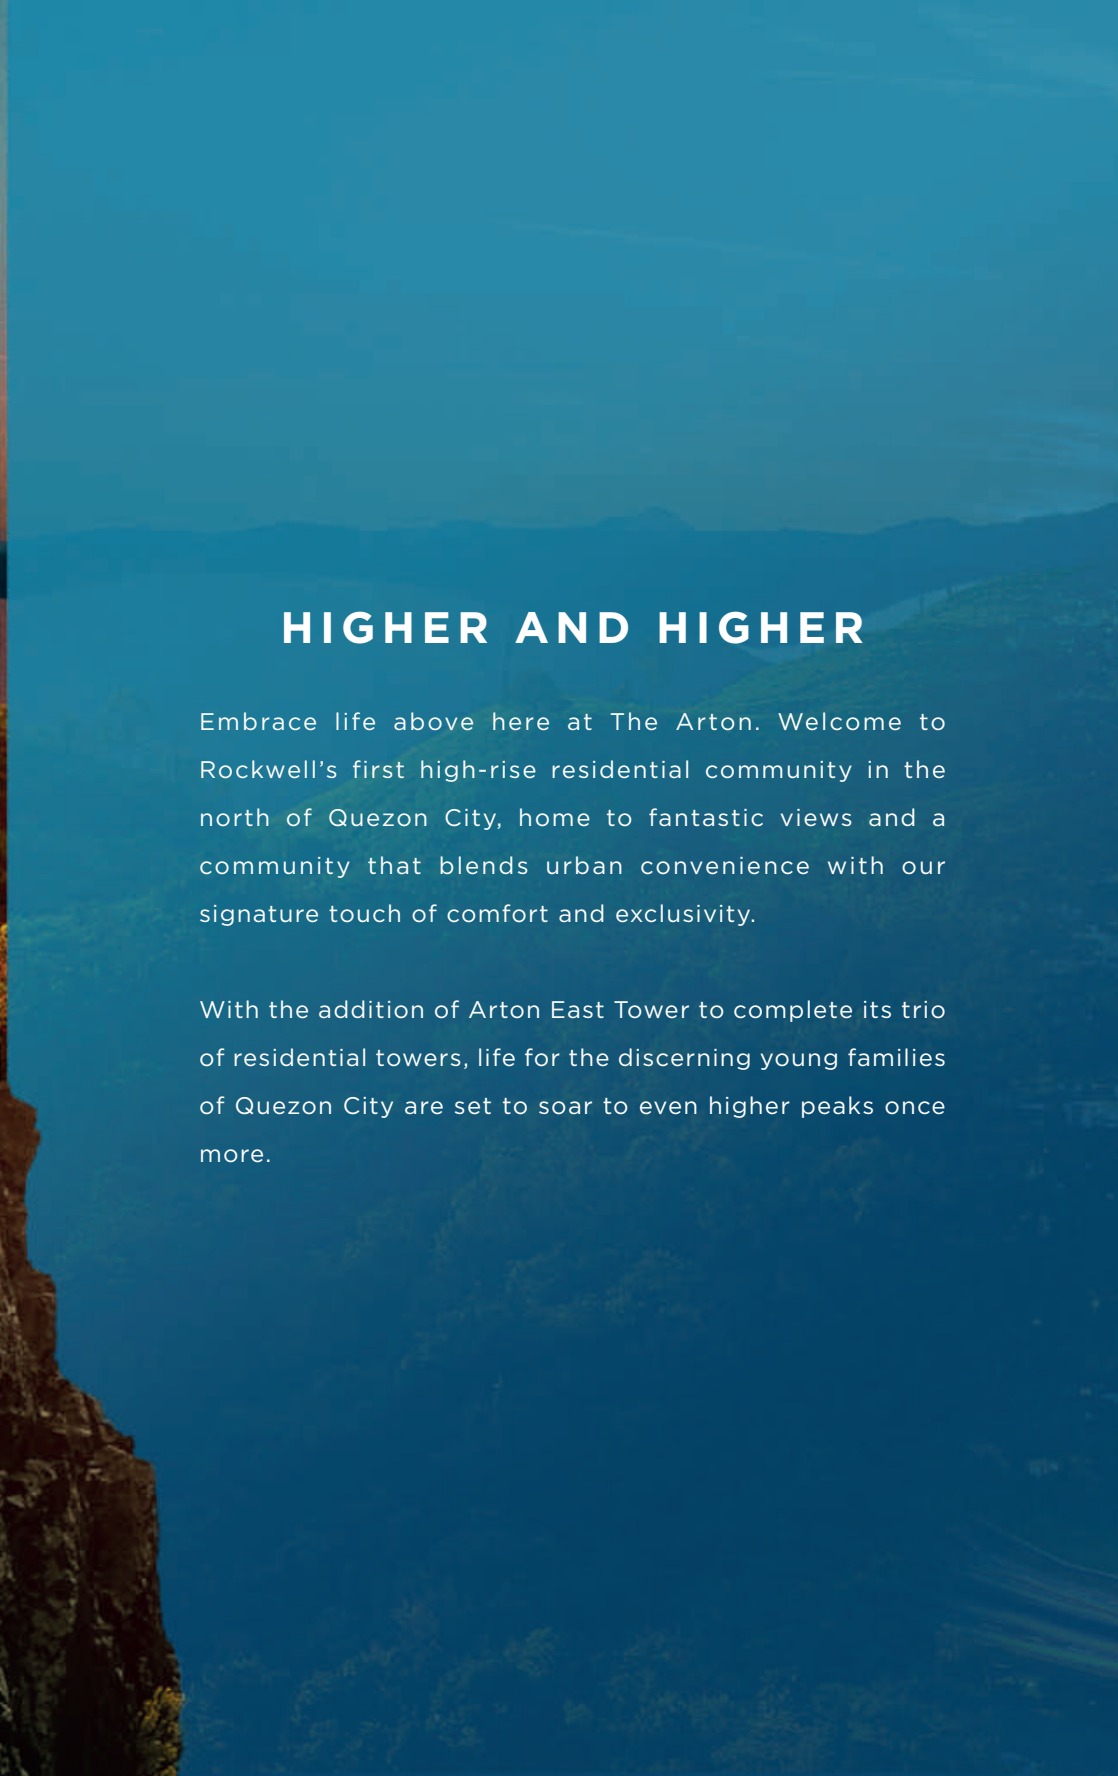

THE ROCKWELL POINT OF VIEW

Since the beginning, we've always done things from our perspective - aiming higher, shooting beyond, and designing pictures of grand scale. Our journey began with an abandoned thermal power plant in the center of Makati, and since then we've taken that same drive and vision to cities all over the country.

That relentless commitment has taken shape in Katipunan with a promise to create a community that is beyond the ordinary. With our sights set even higher than before, The Arton by Rockwell welcomes its newest and tallest tower — The Arton East.

Actual Photo

HIGHER AND HIGHER

Embrace life above here at The Arton. Welcome to Rockwell's first high-rise residential community in the north of Quezon City, home to fantastic views and a community that blends urban convenience with our signature touch of comfort and exclusivity.

With the addition of Arton East Tower to complete its trio of residential towers, life for the discerning young families of Quezon City are set to soar to even higher peaks once more.

VIEWS TO SEE AND THE PLACE TO BE

Katipunan, Quezon City has always represented the evolution of the modern Filipino family, and we saw an opportunity to create a community that caters to the growing needs of the evolving market.

We aimed to meet the needs of this evolving audience while paying tribute to the community landscape we've redefined the past years. The result was The Arton, which fits Katipunan beautifully by being in close proximity to the country's top universities, residential villages, and established commercial centers.

KATIPUNAN FROM A ROCKWELL PERSPECTIVE

From the beginning, this master-planned high-rise residential community was designed to fit the different facets of the modern Filipino family's fast-paced lifestyle.

So The Arton was born — a 1.9 hectare, 80% open space development comprised of three residential towers — The Arton West, Arton North, and Arton East towers. Nestled atop a hill in Katipunan and located near many key locations in Quezon City. With its distinct placement and key amenities, The Arton blurred the lines between recreational and professional needs to create something distinctly Rockwell in Katipunan.

EXCLUSIVE DROP-OFF

A GRAND ENTRANCE WITH HOMEY COMFORTS

We designed the living experience at Arton East to go beyond at every level, starting at the ground level with our tower lobby. With ever-present staff, 24/7 security, and finely-designed furnishings, you'll find safety and comfort a top priority here like any Rockwell community.

ARTON EAST TOWER LOBBY

ROOM TO BREATHE, MOMENTS TO LIVE

Sit back, relax, and get lost in the breathtaking views of the nearby mountains while relaxing in our open space amenities that lie in a class of their own. With The Arton's 80% open space, take an easy stroll through the two Great Lawns or in the pocket gardens and enjoy the privilege of privacy and comfort one can expect from any Rockwell.

GREAT LAWN

BREATHING SPACE FOR BODY AND SOUL

With expansive open spaces and breathtaking views, life at The Arton is the ideal background for a lifetime of bliss. Located in the heart of the development is the Main Pool and Pavilions where it houses a spacious pool for the whole community to enjoy. Residents can also enjoy a pool in each tower for a more private leisurely swim.

AT HOME AND IN YOUR ELEMENT

Come and focus in comfort at Rockwell's first ever co-working spaces situated in a residential development. Being home to a host of students and young professionals alike, we designed each tower's co-working area to be a productive and conducive space for both me-time and crunch times for any resident.
